QSI Facilities Acquires Emcon Associates, a Leader in Facilities Maintenance and Management Services

COLWICH, Kan., June 7, 2017 — QSI Facilities, a leading provider of facilities maintenance and construction services nationwide, has acquired Emcon Associates Inc., a facilities maintenance and management company serving clients in the retail, banking, restaurant and hospitality, healthcare and manufacturing sectors. Both companies share a long history of providing high-performance solutions to help facilities managers improve service levels and reduce the total cost of operations.

“We are proud to welcome Emcon’s founders Mike Cocuzza and Mike Michowski along with Emcon employees, customers and field partners to the QSI Facilities family,” said Joe Kirmser, CEO of QSI Facilities. “Both companies share remarkably similar cultures, values, services and market segment experience. We look forward to leveraging our combined strengths to create even greater value for our customers and field partners.”

“Joining forces with QSI will enable us to expand our services for customers and offer growth potential for all key stakeholders along the value chain,” said Cocuzza, CEO of Emcon. Headquartered in Brick, N.J., Emcon will operate as a division of QSI Facilities. Cocuzza and Michowski will continue to be active participants in the company.

About QSI Facilities

Located in the nation’s heartland and just outside of Wichita, Kan., QSI Facilities has grown over the past two decades to become the nation’s top-performing provider of facilities maintenance and construction services. QSI clients include premier brands in retail, food service and commercial/industrial real estate. In 2016, QSI completed more than 250,000 work orders for 75 skilled trades at over 110,000 client locations in the U.S., Canada and Puerto Rico. The company’s Six Sigma-trained project teams take a data-driven approach to working with clients

and with QSI's network of high-performance field service partners to measure, manage and improve facilities' performance and cost control.
